CITY OF GENEVA RECREATION FACILITY, PARK, PARK/PLAYGROUND GENERAL POLICIES & GUIDELINES

Overview

The following policies pertain to events being coordinated within the City of Geneva. An event is defined as any public gathering (ex. parade, sporting event, performance, demonstration, and exhibit) that makes use of city-owned property, facilities, or resources. City Requirements

Alcohol Permitting

Liquor, beer, and wine may not be sold or handled in any City of Geneva property except with a valid state liquor license and after the City Manager gives special permission in writing. Please note special insurance requirements if alcohol is being served or sold. Applicants can apply for 1 day beer & wine permit thru NYS Liquor Authority.

Any and all alcohol sales must come directly from a bar or 3rd party licensed vendor and be served in non-breakable containers.

In order to obtain the permit, the event must also submit a detailed plan on how they will control the area and drinking age. Suggested routes include wristbands and ID checks.

Food Vendors

Food service vendors must be in compliance with New York State Health Laws. All food service vendors must possess valid New York State Health permits. The Geneva Fire Department also requires that vendors be equip with a 2abc fire extinguisher and a k extinguisher if a deep fryer is present. All vendors must also be completely set up one (1) hour prior to the start of the event for a mandatory fire inspection. Please contact Anne for setting up an exact time for inspection at 315-828-6751. If you miss the scheduled inspection, the fee is \$25.00.

Neighborhood Notifications

Neighbors and businesses must be notified minimum one week prior to an event that will be in the surrounding area. You can post fliers on doors and work with City Communications to get an email out to the neighborhood. This is critical for events with amplified sound and street closures.

Bathrooms/ Porta-potties

City Parks and Park/Playgrounds are considered "neighborhood" facilities and do not have rest room facilities available. Any time an organized event occurs, one must provide a restroom facility for all contributing to and participating in the event. Also, note that the Americans with Disabilities Act Section K states when planning temporary events such as a town festival or concert and where portable toilets are provided one such toilet shall be wheelchair accessible. If permanent toilet facilities are available signage should be used to direct individuals.

Going Green

Large portions of Geneva's waste accumulate from events hosted by both the government and outside entities. The City encourages the use of recyclable materials and recycling products during and following the event. We highly discourage use of Styrofoam. Users are responsible for their own trash and recycling pick up. Vendors to abide by our green policy as well. Each of the bins that you use should be clearly marked. Please encourage attendees to carpool or walk. Cleaning products must meet environmental standards. We also encourage you to buy local!

Parking

A parking plan is required for each event. Parking must be directed to all city-owned public parking lots first and then other lots are accepted with written consent of the lot owner. There should be indication for handicapped parking in your plan. If it is proven that all city-owned parking lots will be exhausted or cause an extreme disadvantage to the businesses surrounding the area, then additional parking permission will be discussed. If your event requires "no parking" on city property, the number of signage and approval will come from the City of Geneva. If a car is parked in a "no parking" designated area of your event, legally the City of Geneva cannot tow cars for events. The Geneva Police Department will assist to help find the owners of the vehicles to have the cars moved. There is no guarantee that all cars will vacate the designated event area.

Post Event

City Property and the event site must be restored to its original functioning condition within 24 hours following the event unless other arrangements are made in writing with the City

of Geneva. If this fails to happen, the City will restore the site and bill the event coordinator. Similarly, an after-action meeting will be scheduled and held within a week of the events conclusion.
